EXPERIENCE

Al Amal Charitable Association
Junior Full-Stack Web Developer (Personal Project) ↗
05/2024 -

- Developed and delivered a full-stack web application for a charity organization.
- Built the Front-End using HTML, CSS, and JavaScript to create a responsive and user-friendly interface.
- Implemented the Back-End with PHP and MySQL for database management and dynamic functionality.
- The project included features like user authentication, content management, and an admin dashboard.
- This experience improved my problem-solving skills and allowed me to contribute to a meaningful cause.
